

CITY OF LODI COUNCIL COMMUNICATION

1M

AGENDA TITLE: Adopt Resolution Rejecting Sole Bid for Wastewater Main Replacement Program, Project No. **4**, in the Vicinity of Kettleman Lane, Stockton Street, Central Avenue, and Mission Street

MEETING DATE: December **5, 2007**

PREPARED BY: Public Works Director

RECOMMENDED ACTION: Adopt a resolution rejecting the sole bid for the Wastewater Main Replacement Program, Project No. **4**, in the vicinity of Kettleman Lane, Stockton Street, Central Avenue and Mission Street.

BACKGROUND INFORMATION: The Water and Wastewater Improvement Program is intended to systematically replace and, where needed, upgrade existing water and wastewater infrastructure. The older wastewater pipelines are mostly constructed of terracotta or concrete pipe and the waterlines are largely constructed of small diameter, cast iron or steel pipe. The majority of these pipes are in need of rehabilitation and/or replacement. Project No. **4** is the fourth major project scheduled in the pipeline portion of this program. This project area is bounded by Kettleman Lane, Stockton Street, Central Avenue, and Mission Street, as shown on the attached map.

Plans and specifications for this project were approved on September 5, 2007. The City received the following single bid for this project on October 10, 2007.

Bidder	Location	Bid
Engineer's Estimate		\$458,067.00
J.F. Pacific Liners, Inc	Vacaville	\$ 582,895.50

The one bid received is significantly higher than anticipated, and staff feels it would be more economical to repackage this work with other projects to achieve an economy of scale associated with a larger project. This type of rehabilitation work is done by relatively few specialized contractors and mobilization costs can be significant.

FISCAL IMPACT: Completing this project will reduce future maintenance costs and increase the performance and reliability of the wastewater system.

FUNDING AVAILABLE: When this work is included with other projects, funding will come from the Wastewater Fund.
